**Nursing appointments are pre-bookable for all weekdays.**

# Isca Medical Practice

General Practice on 2 sites, open or booked.

## ***Nursing***

Every morning, by appointment, both ends. Some afternoons. MJ Midgley is our clinical manager and mainly nurses at the Homefield site, Sam Howard is our practice nurse mainly at the Polsloe Rd site.

## ***Clinics***

We run several clinics from time to time according to need. Minor surgery, Influenza immunisation, and some aspects of diabetic care are the main ones. If you tell us what you need or want our receptionist may be able to schedule your appointments better than just turning up to surgery.

The Practice is open morning and afternoon every weekday. Sometimes only one building is operating. Each partner is present on 4 days per week, but only in one building at a time.

### ***6 Homefield Rd is open***
